

Elevation and Temperature Data 1

5.2.1

Name: _____ Date: _____

Record the elevation and temperature data to the nearest whole unit. The last column will be used in a later investigation.

| Cell | Latitude (degrees) | Longitude (degrees) | Elevation (meters) | Temperature (°F) | |
|------|-----------------------|------------------------|-----------------------|---------------------|--|
| 1 | | | | | |
| 2 | | | | | |
| 3 | | | | | |
| 4 | | | | | |
| 5 | | | | | |
| 6 | | | | | |

Graph the relationship between temperature and elevation.
